NAHB Awards NRP Group with Safety Award for Excellence

Cleveland, Ohio – (February 15) The NAHB (National Association of Home Builders) recognized The NRP Group LLC with the Safety Award for Excellence (SAFE) at the International Builder’s Show Banquet on February 13, 2008 held in Orlando, Florida.

The NRP Group LLC received the prestigious Remodeler, Multi-family, and Associate Program of the Year SAFE award. The NAHB safety award programs recognizes the achievements of builders and trade contractors who have developed and implemented high quality construction safety programs, as well as honoring those government officials and NAHB-affiliated associations who have made successful efforts to advance safety in the home building industry.

“It is absolutely tremendous to be recognized by the NAHB for the SAFE award,” said T. Richard “Rick” Bailey Principle, The NRP Group LLC. “We take pride in embracing very high safety standards along with on-the-job safety training and awareness. Safety participation is seen at all levels of operations from our corporate and regional offices to our site superintendents.”

The NRP Group LLC has partnered with Code Three Risk Management, Inc. on workplace safety. “Many construction companies indicate that they have a safety program – but some actually do, and do so successfully. The NRP Group not only has a risk management program, but has taken advantage of a forward-thinking philosophy to understand how a solid safety program actually results in end-of-project cost benefit

savings, a rarity in the industry,” said Joe Hallal, President, Code Three Risk Management, Inc. “NRP demonstrates a genuine concern for the safety and well-being of its employees, subcontractors and the people whose property adjoins one of our construction sites. The NRP Group has earned the honor to represent the NAHB Multi-Family safety award as an example for others to follow.”
